1) must demonstrate that bridge cannot be feasibly repaired.
2) THEN consider other options - if replacement, then reconstruction of original bridge

per Secretary of the Interior's "Standards for Reconstruction" (Available online at the National Park Service website (nps.gov); search for "Standards for reconstruction."
— must use original plans for construction!

* If the Bridge may be rehabilitated, then the Secretary of the Interior's "Standards for Rehabilitation" must be followed.

⇒ A new construction design is not appropriate and will result in an adverse effect to the Historic Parkway Property.

Thank you.
